

Great Game Huddle Notes

November 14, 2017

This week a Traveling Huddle was held and hosted by the Judicial Courts, located in their new courtrooms 2nd floor of Judicial Courts Building.

Cindy Stein welcomed the group and introduced Judge Powell.

Judge Powell gave an overview of the partnership between State and County employees. The Courts are not a place of special assigned courtrooms, but a place the judges come and do their work. He welcomed the citizens to visit and observe the process. The courthouse is the best place to see the spectrum of our society.

Interesting Facts:

- The courts building is the busiest on a daily basis
- 3 districts for Missouri (East, West, and Southern)
- 46 judicial circuits in Missouri
- State workload study says Greene County could use 4 more judges
- Judges had input on designing the new courtrooms
- Court case stats available on the 31st Circuit Court by the numbers PDF

Judge Powell thanked Greene County for the functional new space to help the system work more efficiently. Huddle participants were able tour both of the new courtrooms.

Thank you to Judge Powell and Jerry Moyer for hosting us this week.
