

Great Game of Huddle Notes

September 4, 2018

Kami Johnson from Human Resources opened today's meeting by introducing Michelle Jincks from HR and the Character First video on Creativity.

Creativity: Approaching a need, a task, or an idea from a new perspective. By “thinking outside of the box,” we oftentimes come up with innovative solutions that not only benefit us, but also those around us. Seek the opportunity to look at something in a new way.

- **Look for Improvement:** This begins by looking for ways to do things differently, better, faster and more efficiently.
- **Try Something New:** Be willing to step out of your comfort zone and take a chance. Don't be afraid to fail, as this is all part of the discovery process.
- **Get Input:** Ask others for their opinion, insight and prior experiences.

Commission Corner: Associate Commissioner Harold Bengsch, spoke about topics at hand:

- Demolition of the buildings at the corner of Central and Boonville. Currently being used for extra parking pending the building of the new jail.
- The creation of the Citizen Oversight Committee to work through the elements of what was promised made to our voters. May 2018
- Healthy Living Alliance: Awareness for issues related to both substance abuse and mental health services in our area. May 2018
- Animal Control reinstated in the urban service areas. July 2018
- Family Justice Center: The creation of innovative programs to assist in dealing with issues of domestic violence.
