

Emergency Rental Assistance Program

Status Update: March 23, 2021

Total activity through our second week of operations is estimated as the following: We estimate receiving 2,315 calls about our program so far. We have screened for eligibility 827 of that call volume and booked 482 appointments. We have completed 113 face to face appointments with 76 of those providing final information. 42 of those have had award amounts with the remaining 34 anticipated next week.

Our reporting system has been finalized and we are getting our users on-line to use it. Commission approved a data sharing agreement with the MHDC and we are currently collecting the needed user agreements from our partners. These efforts will allow Greene County citizens to apply for rental assistance through the State program, if they choose not to apply through the Greene County process.
