2020 Vision

What is a Vision?

- The ideal future of the company, and from it can be derived the 'goals' of the company.

- The Vision Question: Imagine we are in the future and we are very successful; what do we look like, feel like, act like and how did we get here?

How do we develop a Vision? Start by Sharing Values

- After beginning the Great Game in 2012, in 2014 Greene County worked together to establish their most important values.

- Trust was made the foundation and building on Trust are

  - Accountability   - Leadership
  - People   - Integrity

Values, Purpose, Vision

A Vision can help us gain a clear perspective on the company's critical issues and priorities.

Those issues standing in our way to reaching our vision.

Values, Purpose, Vision

- Characteristics of a good Vision

  - The Vision should be grounded in reality, but…

  - …the Vision should be driven more by what's desirable than by what, today, seems possible.

  - It should be a stretch.

The Vision should invite and inspire people to want to bring it to realization.

Time Horizon?

Time Goals help with accountability.

There needs to be both small and large opportunities.
