Marilyn Gibson-Drug Court Administrator

Ms. Gibson gives an update to the Commission on the upcoming Veteran Court Dedication Ceremony.

Jeff Scott reminds the Commission that there still hasn't been a decision made on the OEM projectors. Mr. Scott provides the options that took place at a prior daily briefing of either replacing the current system with brand new laser projectors or fixing what we have which will only be temporary as the system we have is out dated. Jess Kerr IS director recommends that the current system be replaced. Samantha Foster explains the importance of the wall. Jeff Scott from the Budget office reminds Commissions that the \$45,000.00 cost of the projectors is not in the budget at this moment. Chris Coulter suggests that OEM apply for funds at region D.

Jeff Scott updates the Commission that he and Mr. Coulter worked on questions that the chamber had asked. Mr. Scott went over some of the changes to the spread sheet.

Meeting adjourned by Bob Cirtin
