

Greene County Commission Briefing
Commission Office, 1443 N. Robberson
November 15, 2018, 9:30 a.m.

Present: Kate Morris, Donna Barton, Chris Coulter, Bob Cirtin, Kevin Barnes, and Harold Bengsch.

Resource Management Director Kevin Barnes gave project updates to the Commission. He said the judicial work bid was postponed to Monday. The sensor on the west side of the Historic Courthouse malfunctioned and work is being done on it. He said work at the Wright's Auto site was delayed until drier weather comes along. He also noted that tuck pointing would resume today. He also said that work is being done on the jail elevator, and that the jail boiler bid would open Dec. 1. Commissioner Bengsch inquired about the TCE traces being found in wells around the north part of the county. Barnes said he is working closely with the Health Department, which will notify him if any calls come in.

With no further business, the meeting was adjourned.
